

LET'S MAKE WOMEN VISIBLE

In this pack you'll find the profiles of eight women from across the world and throughout history.

Below are some ways you can use them:

Print the profiles out as posters and put them up around your classroom to make their stories visible.

Encourage pupils to research and discover other women whose voices should also be amplified.

Ask pupils to choose a woman to profile from the posters.

Ask them to answer the following questions:

Why might this woman have been excluded from traditional historical narratives or current media coverage?

Why is it important that we know about this woman and her life or work?

How can we ensure voices similar to hers are heard in the future?

Intersectionality **draws attention to invisibilities** that exist in feminism, in anti-racism, in class politics, so, obviously, it takes a lot of work to consistently challenge ourselves to be attentive to aspects of power that we don't ourselves experience.
